Work Experience

Web Designer

Mostek Engineering Co. - New Malden
June 2023 to October 2023

Worked as an intern for a period of 3 months.
Used HTML, CSS.
Lastly learned Joomla 4, Typescript, Node.js, Shadcn and Tailwind for a better performance.

Brand Ambassador

Juss Marketing - Slough
March 2023 to June 2023

Advertised Modern Milkman's services by pitching customers at the door.
Practised communication skills by explaining the benefits on the service and dealing with objections.
Learned sales by actively using skills that we learned in the morning training before going on the field.
Being resilient and knowing how to deal with nos and turn them into yeses.
Adapting to the customer and knowing what to say or when to actually try to convince them into trying the service is a good skill I learned.

Linen Porter

Apex Hotels - London
July 2022 to February 2023

My duties as a linen porter are managing guests' laundry, filling up cupboards with linen and amenities.
Interaction with guests when they ask for help and managing delivered products.

Web Developer

METICS GROUP - Sîngera
September 2021 to March 2022

I made custom websites using CSS and HTML, alternatively I used Wix, a website maker and worked with a team of designers that made the interface of the website whereas I had to make the program for it.

Education

HND in Computer Science

The London College - London
October 2022 to June 2024
